Wooden
Plastic
Composite
Deck

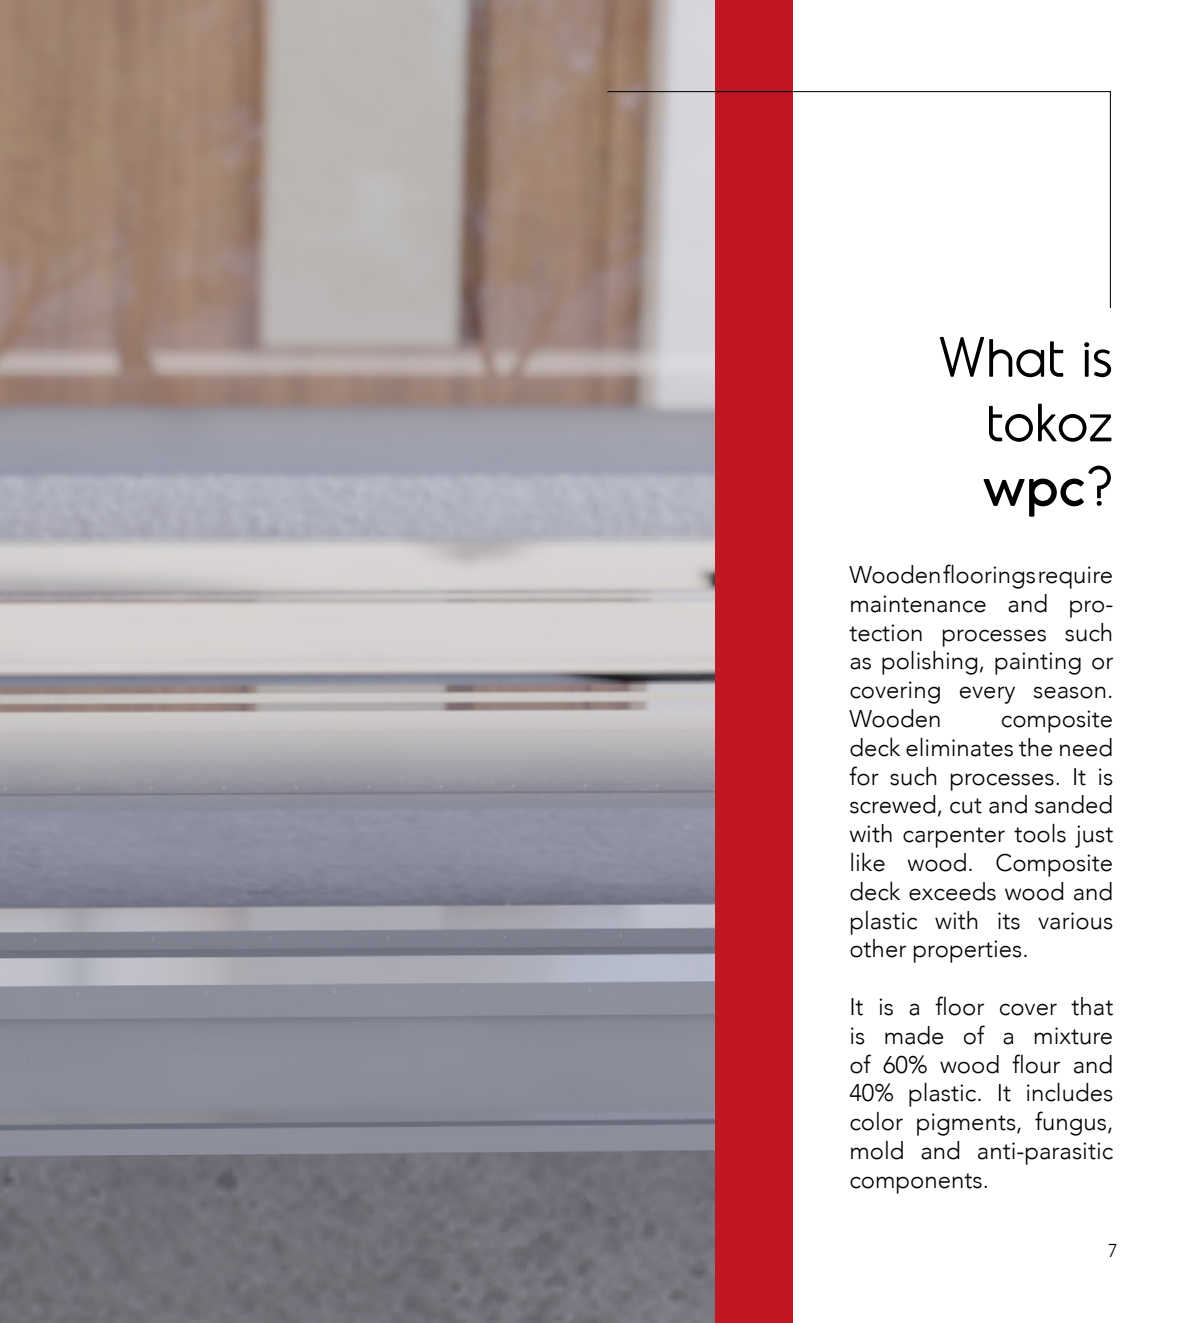

tokoz[®]
wpc

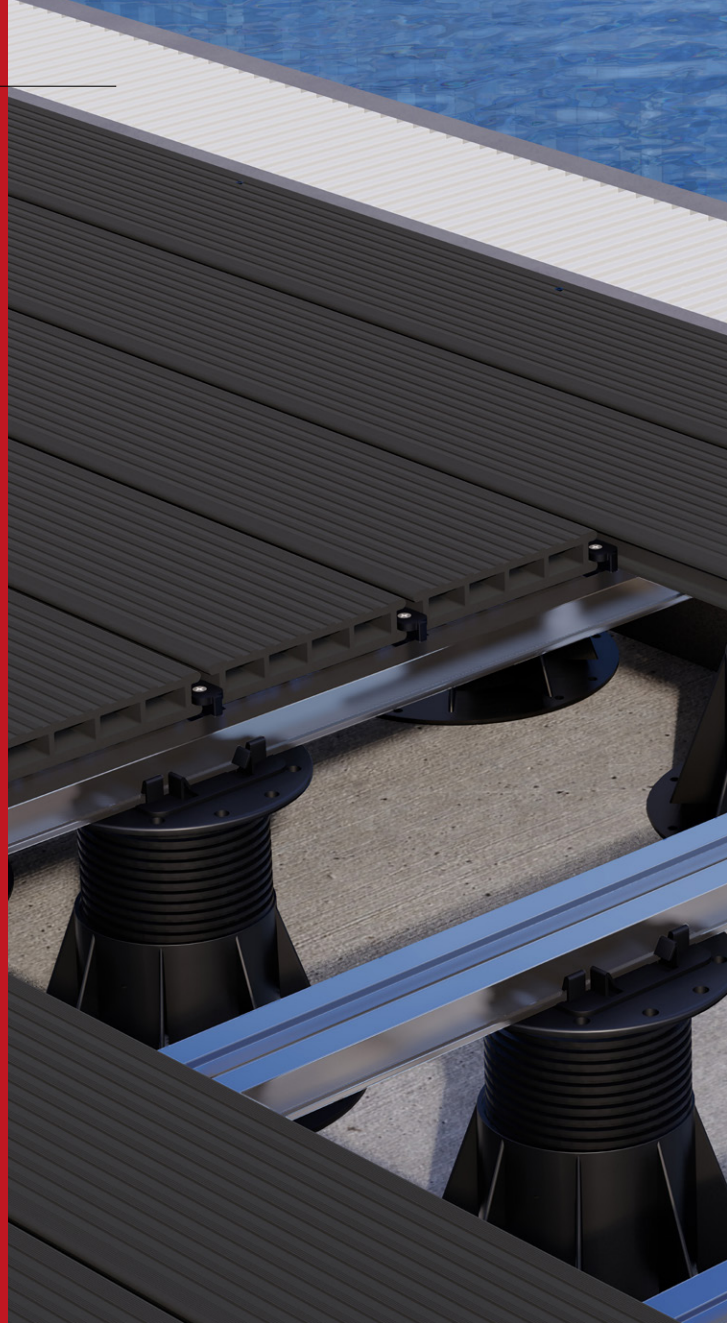

What is tokoz wpc?

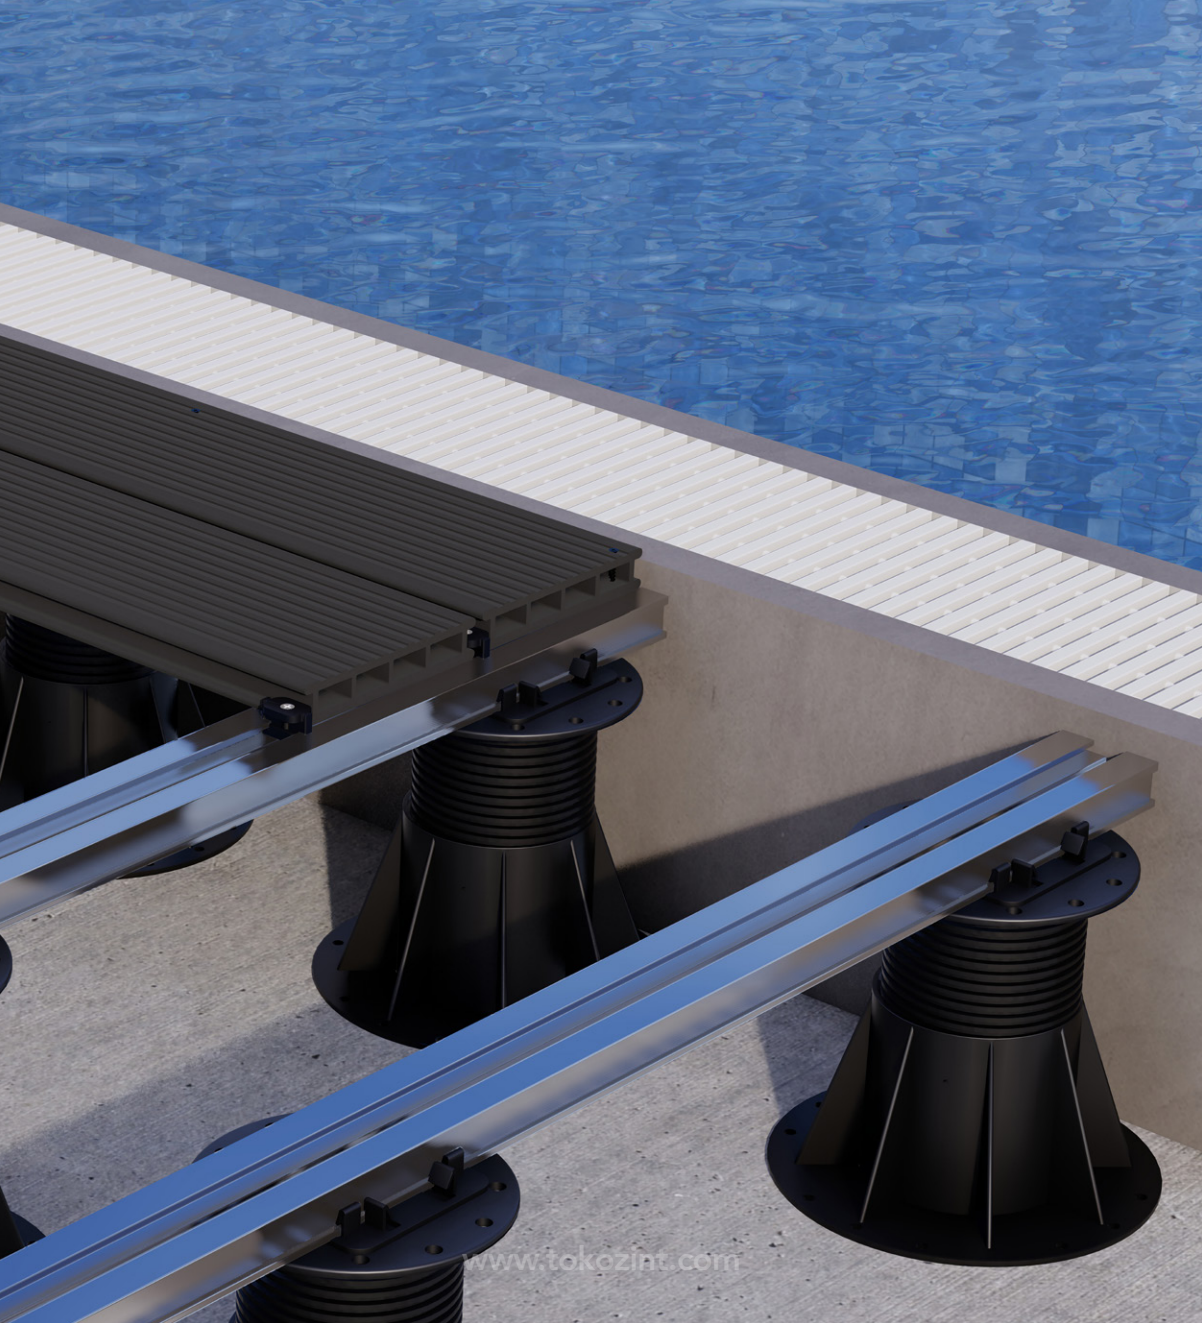

Wooden floorings require maintenance and protection processes such as polishing, painting or covering every season. Wooden composite deck eliminates the need for such processes. It is screwed, cut and sanded with carpenter tools just like wood. Composite deck exceeds wood and plastic with its various other properties.

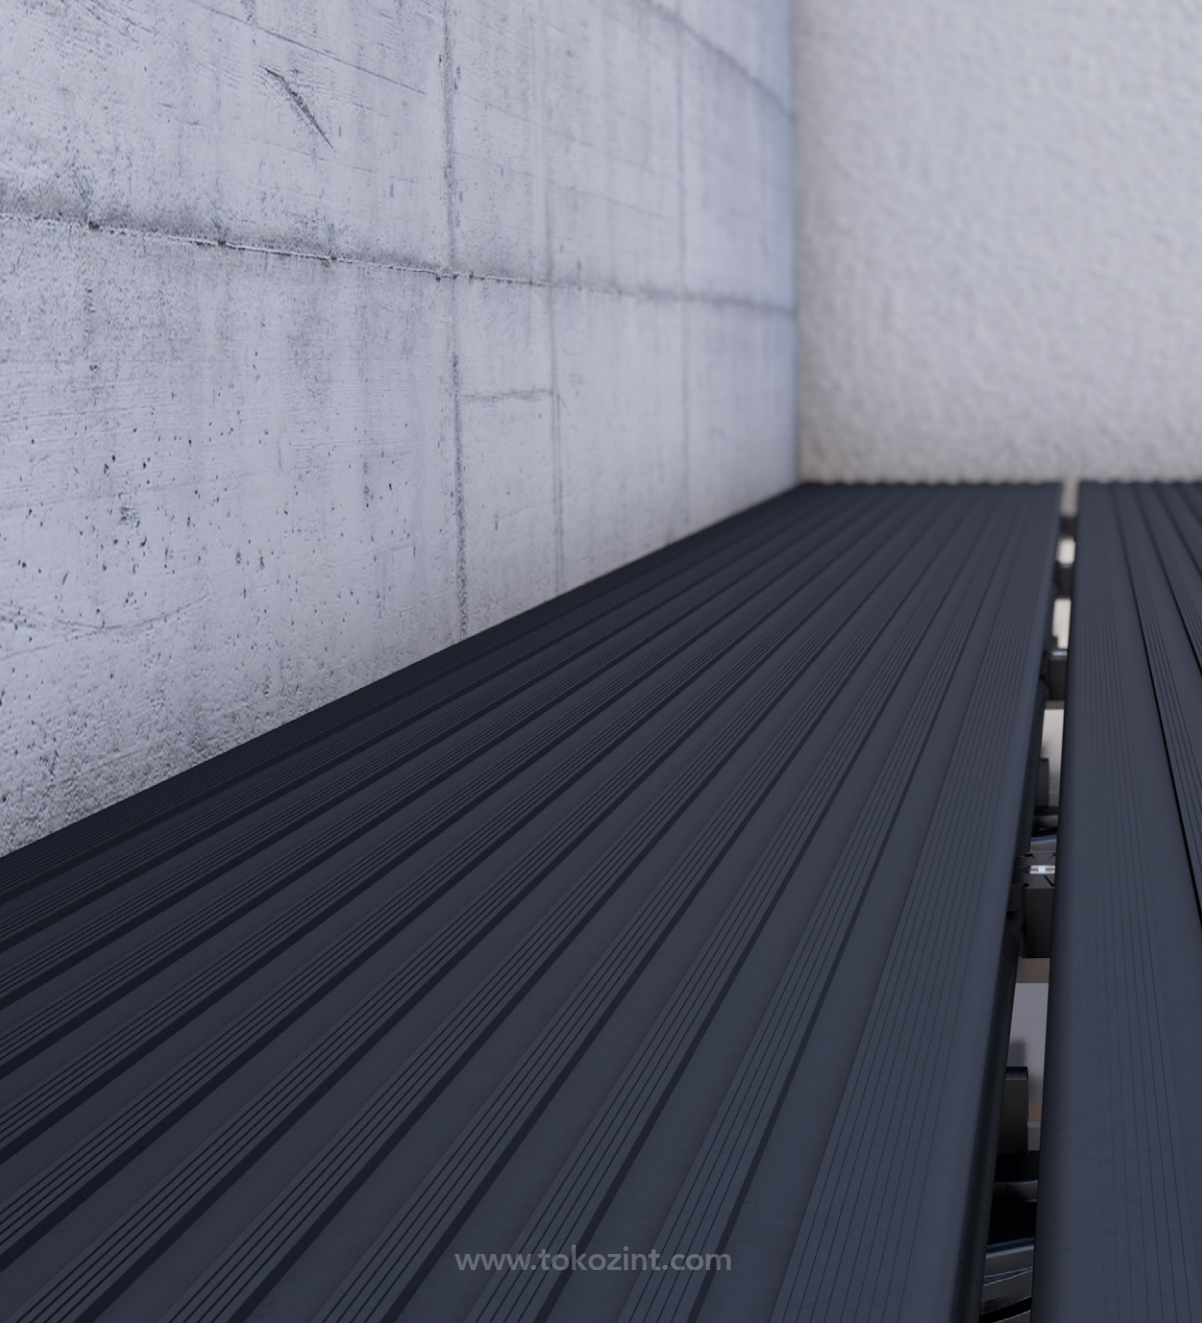

It is a floor cover that is made of a mixture of 60% wood flour and 40% plastic. It includes color pigments, fungus, mold and anti-parasitic components.

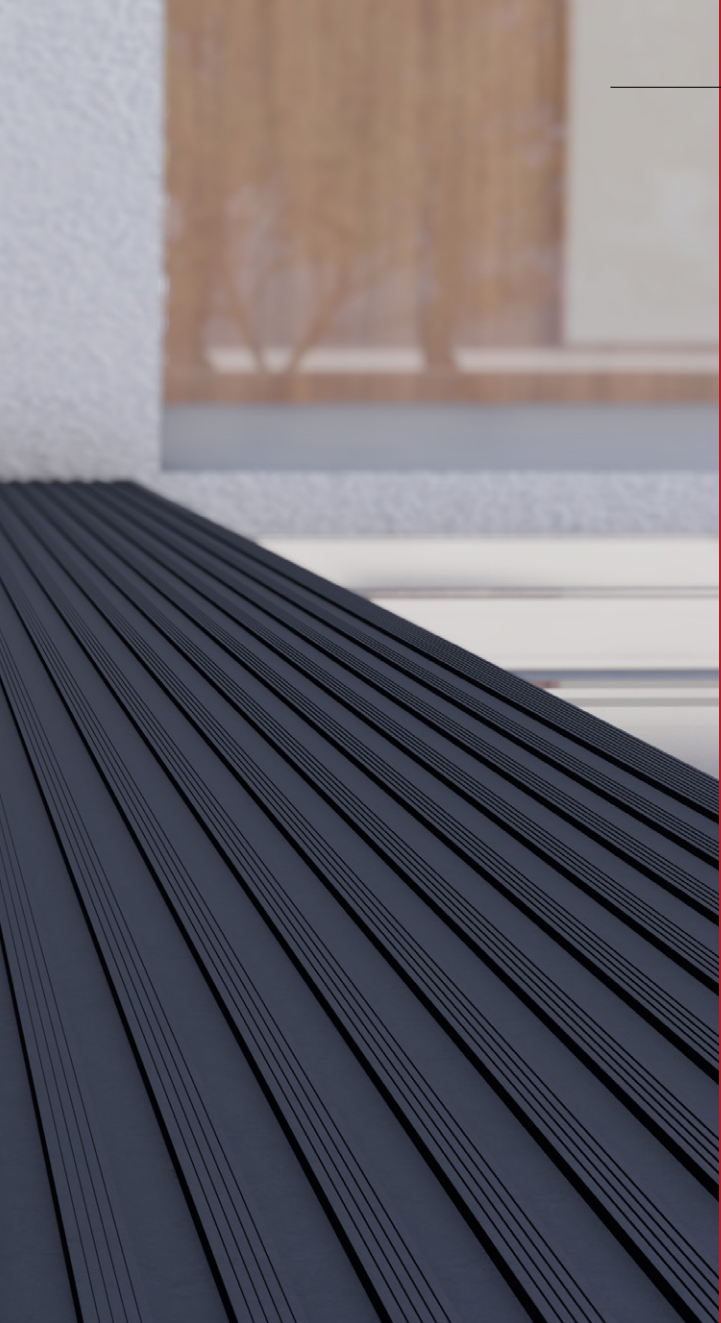

Areas of use

- Villa, Terrace, Veranda Tilings
- All Garden Walking Paths
- Poolside
- Bathroom and Shower Floors in House and Hotels
- Floors in Cafés and Shopping Malls

Advantages

- Resistant to water, moisture, and damp
- Recyclable
- Does not generate splinters
- Anti-bacterial
- Long color life
- Does not generate moss
- The shape of the material does not change
- Easily assembled
- Prevents slipping
- Does not require maintenance
- Resistant to impacts

LQ-S

Ground: Earth

Skeleton base: Clever C-S4 TPE Gasket (4mm)

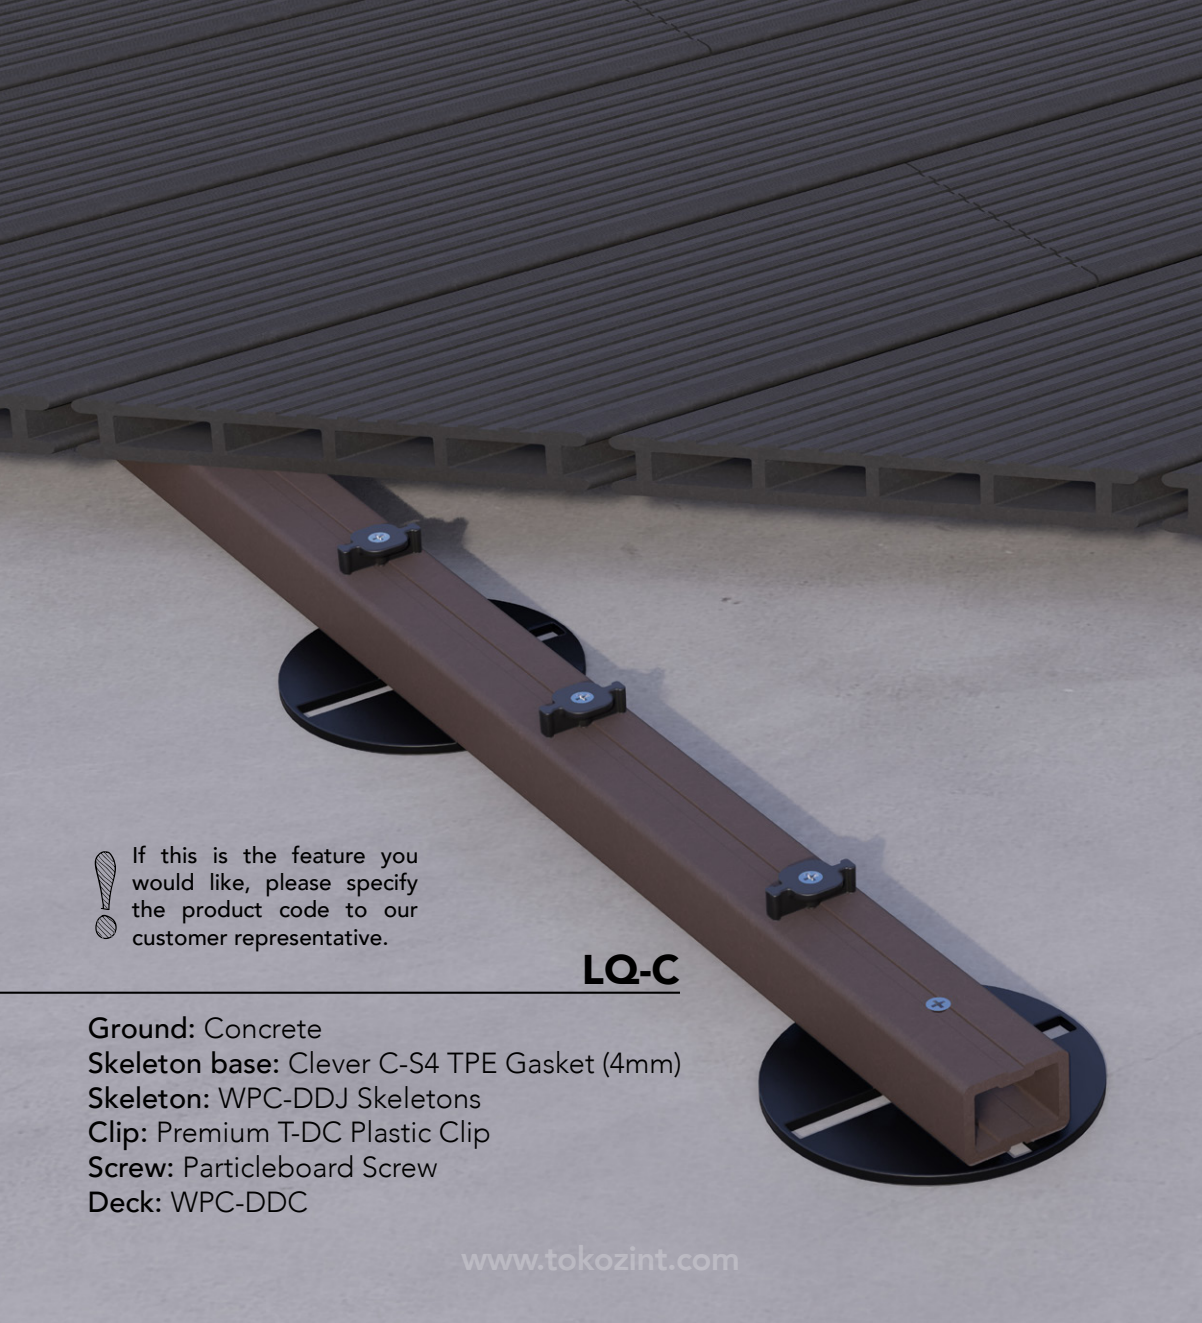

Skeleton: WPC-DDJ Skeletons

Clip: Premium T-DC Plastic Clip

Screw: Particleboard Screw

Deck: WPC-DDC

If this is the feature you would like, please specify the product code to our customer representative.

LQ-C

Ground: Concrete

Skeleton base: Clever C-S4 TPE Gasket (4mm)

Skeleton: WPC-DDJ Skeletons

Clip: Premium T-DC Plastic Clip

Screw: Particleboard Screw

Deck: WPC-DDC

HQ-S

Ground: Earth

Skeleton base: Clever C-4 Pedestal (120-122 mm)

Corner Skeleton Connections: Built-in Concrete Pillars

Skeleton: Galvanized Cross-Section Skeleton (40x20 mm)

Clip: Premium T-DC Plastic Clip

Screw: Particleboard Screw

Deck: WPC-DLC

MQ-C

Ground: Concrete

Skeleton base: Clever C-4 Pedestal (120-122 mm)

Skeleton: CP-P1 Aluminum Cross-Section Skeletons (50x25 mm)

Clip: CP-P1 DCDL Plastic Rail Clip

Screw: Particleboard Screw

Deck: WPC-DLC

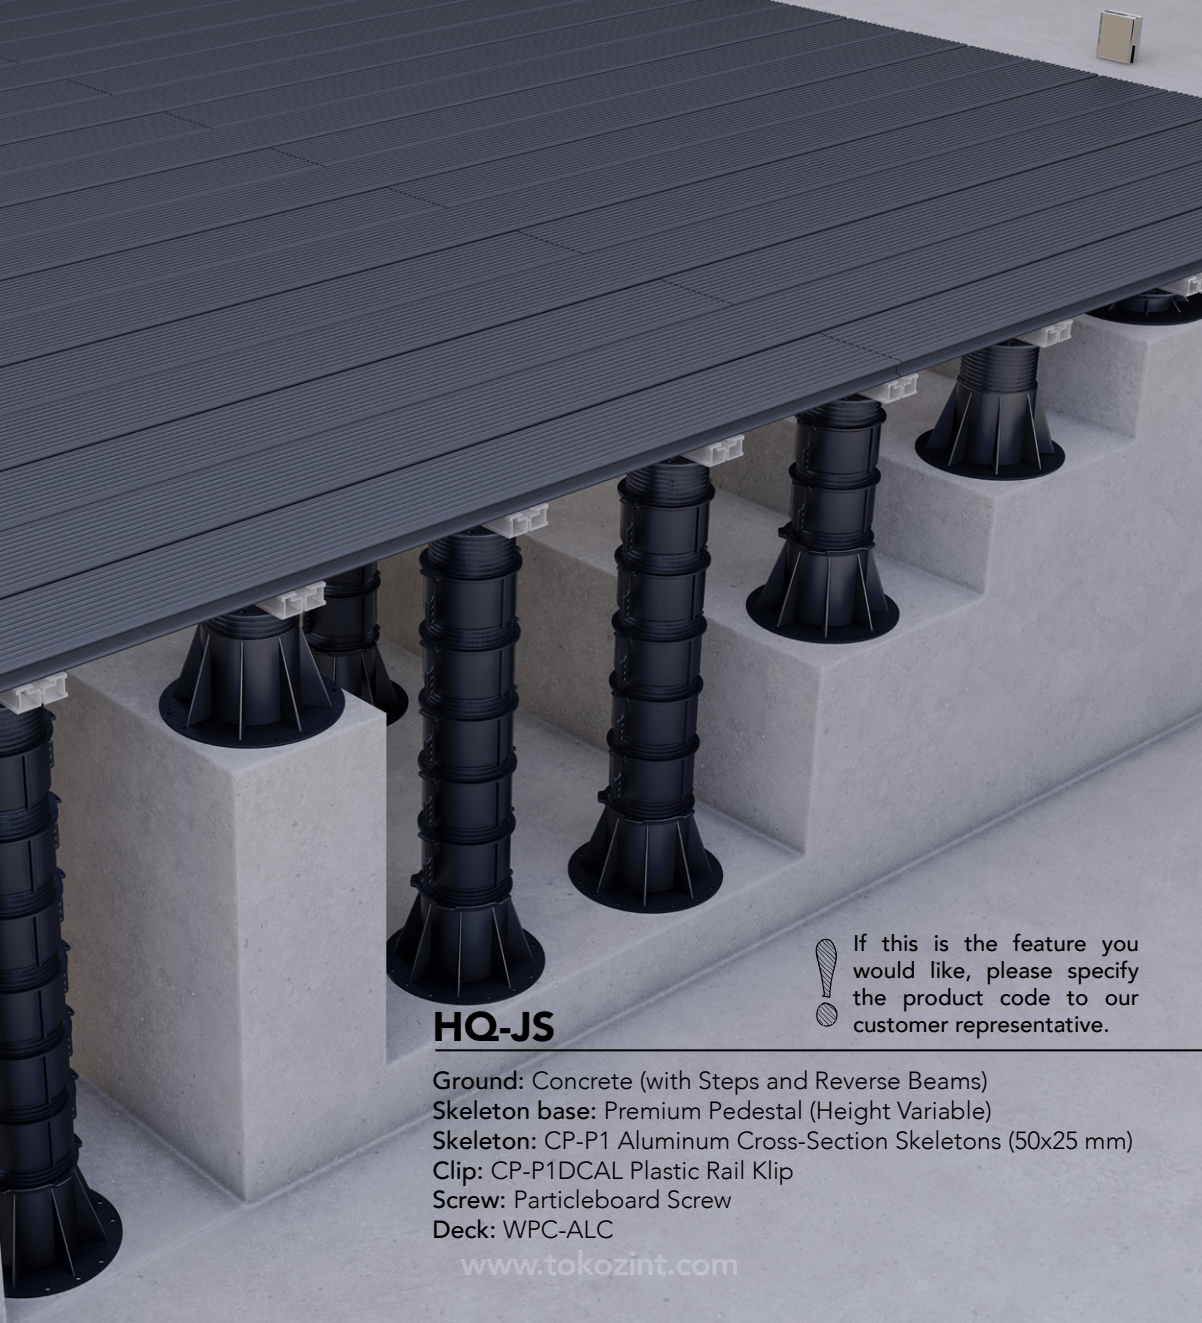

If this is the feature you would like, please specify the product code to our customer representative.

HQ-WP

Ground: Concrete (with Water-Resistant Cover)
Skeleton base: Clever C-5 Pedestal (220-320 mm)
Skeleton: Galvanized Cross-Section Skeleton (40x20 mm)
Clip: Premium T-DC Plastic Clip
Screw: Particleboard Screw
Deck: WPC-ALC

HQ-JS

Ground: Concrete (with Steps and Reverse Beams)
Skeleton base: Premium Pedestal (Height Variable)
Skeleton: CP-P1 Aluminum Cross-Section Skeletons (50x25 mm)
Clip: CP-P1DCAL Plastic Rail Klip
Screw: Particleboard Screw
Deck: WPC-ALC
